

Short CV for John K. Dagsvik

Work address:

Research Department
Statistics Norway
P.O.Box 8131 Dep.
N-0033 Oslo, Norway
E-mail. john.dagsvik@ssb.no

Home address:

Riddervolds gate 12
0258 Oslo, Norway
Tel. (47)22434486
Mobile tel. (47)95256437

International Journal articles in economics/econometrics and social sciences since 1994

1. Discrete and continuous choice, max-stable processes and independence from irrelevant attributes. *Econometrica*, 1994, **62**, 1179-1205.
2. How large is the class of generalized extreme value models?. *Journal of Mathematical Psychology*, 1995, **39**, 90-98.
3. Was the great depression a low-level equilibrium?. (Co-author; B. Jovanovic). *European Economic Review*, 1994, **38**, 1711-1730.
4. Labor supply responses and welfare effects of tax reforms. (Co-authors; R. Aaberge and S. Strøm). *Scandinavian Journal of Economics*, 1995, **97**, 635-659.
5. Aggregation in matching markets. *International Economic Review*, 2000, **41**, 27-57.
6. A behavioral two-sex marriage model. (Co-authors; A. Flaatten and H. Brunborg). *Mathematical Population Studies*, 2002, **9**, 97-121.
7. Discrete choice in continuous time: Implications of an intertemporal version of the IIA property. *Econometrica*, 2002, **70**, 817-831.
8. Potential demand for alternative fuel vehicles (Co-authors; D.G.Wetterwald, R. Aaberge and T. Wennemo). *Transportation Research Part B*, 2002, **36**, 361-384.
9. Compensating variation and Hicksian choice probabilities in random utility models that are nonlinear in income. *Review of Economic Studies*, 2005, **72**, 57-76.
10. Sectoral labor supply, choice restrictions and functional form. (Co-author; Steinar Strøm). *Journal of Applied Econometrics*, 2006, **21**, 803-826.
11. Utility of income as a random function: Behavioral characterization and empirical evidence. (Co-authors; Steinar Strøm and Zhiyang Jia). *Mathematical Social Sciences*, 2006, **51**, 23-57.
12. Axiomatization of stochastic models for choice under uncertainty. *Mathematical Social Sciences*, 2008, **55**, 341-370.
13. A framework for analyzing rank-ordered data with application to automobile demand. (Co-author, Gang Liu). *Transportation Research Part A*, 2008, **43**, 1-12.
14. Tax reforms, sector specific labor supply and welfare effects. (Co-authors; M. Locatelli and S. Strøm.) *Scandinavian Journal of Economics*, 2009, **111**, 299-321. DOI: 10.1111/j.1467-9442.2009.01565.x.
15. Justification of functional form assumptions in structural models: applications and testing of qualitative measurement axioms (Co-author; Stine Røine Hoff.) *Theory and Decision*, 2011, **70**, 215-254. DOI: 10.1007/s11238-009-9160-4.
16. Subsidies on Low-Skilled Workers, Social Security Contribution. (Co-authors; S. Jia, K. Orsini and G. V. Camp.) *Empirical Economics*, 2011, **40**, 779-806. DOI: 10.1007/s00181-010-0367-6.
17. Estimating the Returns to Schooling: A Likelihood Approach Base on Normal Mixtures. (Co-authors; T. Hægeland and A. Raknerud.) *Journal of Applied Econometrics*, 2011, **26**, 613-640.
18. Marriage Patterns in the City of Shanghai. (Co-authors; Y. Cheng and X. Han). *Chinese Sociology & Anthropology*, 2011, **43**, 74-95.
19. Is the Pareto-Lévy Law a Good Representation of Income Distributions? (Co-authors; Z. Jia, B. H. Vatne and W. Zhu). *Empirical Economics*, 2011, **44**, 719-736.

20. Labor force participation and the discouraged worker effect. (Co-authors; T. Kornstad and T. Skjerpen). *Empirical Economics*, 2012, **45**, 401-433.
21. Making Sen's capability approach operational: a random scale framework. *Theory and Decision*, 2013, **74**, 75-105.
22. Justification of functional form assumptions in structural models: a correction. *Theory and Decision*, 2013, **75**, 79-83.
23. Theoretical and practical arguments for modelling labor supply as a choice among latent jobs. (Co-authors; T. Kornstad, Z. Jia and T. O. Thoresen). *Journal of Economic Surveys*, 2014, **28**, 134-151.
24. Real Estate Market Policy and Household Demand for Housing. (Co-authors; X. Han and Y. Cheng). *Pacific Economic Review*, 2014, **19**, 237-253.
25. What independent random utility representations are equivalent to the IIA assumption? *Theory and Decision*, 2014, DOI 10.1007/s11238-014-9479-3.
26. Labor supply as a choice among latent jobs: Unobserved heterogeneity and identification. (Co-author; Z. Jia). *Journal of Applied Econometrics*, 2014, DOI: 10.1002/jae.2428.
27. Stochastic models for risky choices: A comparison of different axiomatizations. *Journal of Mathematical Economics*, 2015, **60**, 81-88.
